

## ES PRINCEP

SMALL LUXURY HOTEL

This small luxury hotel is situated on a quiet corner in Palma's historic area. With magnificent panoramic views of Palma Bay, the spacious rooftop terrace with its infinity pool is one of the biggest in Palma and it invites one's thoughts to wander around the Balearic Island. A luxurious spa and two restaurants complement this luxury urban oasis with its chic and modern hotel filled with plenty of natural light, giving it a relaxed flair. Inviting Chesterfield sofas and emerald green armchairs are offset against arresting colourful art. Piles of books and magazines about the island's history provide a welcome distraction in the lobby. All rooms are decorated with sensitive use of stone, wood and leather, which pays homage to the traditional country houses of Mallorca.
