SAFETY

Please take a moment to review security related information. Feel free to contact our Guest Service if you have any questions.

EMERGENCY NUMBERS

Our main reception will provide you with all the emergency numbers you may need. If you have been the victim of a robbery, please contact the reception and they will help you to take all the necessary steps to inform the authorities.

ROOM KEY

Please keep your room key safe.

If it is lost or stolen, please inform the reception immediately.

Do not leave your key in the room.

DOORS AND WINDOWS OF ROOMS

Close the door securely whenever you are in your room and use all the provided locking devices.

Make sure the door to the guest room is locked and also make sure to open the balconies before leaving the room.

Safe BOXES

Each guest room is equipped with a safe located in the closet. Follow the instructions located on the front of the safe. Please note that the hotel is not responsible for the items deposited in the safe in

your room. We also have safe deposit boxes located at the reception.

SAFETY TIPS FOR TRAVELERS

Do not reveal your hotel name or room number to strangers.

Do not invite strangers to your room.

Do not attract attention when displaying large amounts of cash or expensive jewellery.

Do not leave valuables in your vehicle.

Never allow people in with unsolicited deliveries.

If at any time during your stay you notice anything suspicious or alarming, please contact the management immediately.

EMERGENCY PROCEDURE

For your safety, Es Princep Hotel is equipped with the latest fire protection system.

WHEN YOU ARRIVE AT YOUR ROOM

Locate the closest emergency exit.

Review the evacuation plan provided on the inside of your bedroom door.

Locate the nearest fire alarm removal station and fire extinguisher.

Take a moment to study the design of your room.

IF YOU DISCOVER FIRE OR SMOKE

If a fire breaks out in your room, get out immediately and close the door behind you. Activate the nearest fire alarm firing station. If possible, go to a phone in a safe area and report the fire to the hotel operator. Follow the emergency exit signs.

TO EVACUATE YOUR ROOM

Bring your room key with you in case you are forced to return.

Feel the door first; if it is hot, do not open it. If it is cold, open it and look down the hall. Be ready to immediately close the door if you find smoke or flames. If the hallway is clear and passable, walk to the nearest emergency exit.

DO NOT USE the ELEVATORS

If there is a lot of smoke, you can cover your mouth and nose with a damp cloth. Stand still where the air is cooler and crawl toward the exit.

If your main exit is blocked, use an alternative route or return to your room. If the smoke becomes dense when descending the stairs, it may be better to exit the stairs to another floor. Walk down the stairs to the ground level and exit the building. Move away from the building to a safe area

IF YOU CANNOT LEAVE THE ROOM

If you cannot get out due to the door heat, smoke, or open flames:

1. Call the hotel operator and provide your location. You can also alert firefighters by signalling or hanging a sheet out of the window.

2. Stay close to the door where the air is cooler. Tie a wet cloth over your nose and mouth for easier breathing.

3. Fill the tub with water, as you may need to wet your room. You can use the ice bucket to transport water.

Seal the room from smoke by inserting damp towels and sheets into the openings around the door.

4. Remove the curtains from the window, but do not open the windows
